Rutgers University hosts

THE WORLD FOOD PRIZE NEW JERSEY YOUTH INSTITUTE

Help solve the greatest challenge in human history:
How will we feed 9 billion people by 2050?

We need you!

Join student leaders from around the state for a **one-day conference** at Rutgers that identifies the challenges of global hunger and food insecurity. Learn more about our campus community's global research and local action to end hunger.

Seek solutions and explore career paths and opportunities in STEM, food science, agriculture, and policy.

EXPLORE

- > Choose a country and topic related to a critical global challenge, research the issues, and develop your own solutions.
- > Present your ideas to fellow students and experts who are working on the real-world problems every day.
- > Network and discover your own future career path.

ENGAGE

- > Meet professors and faculty leading local and international research projects.
- > Participate in hands-on activities with Rutgers students working to eliminate hunger in New Jersey.
- > Connect with like-minded students who want to change the world.

EARN

- > Receive a certificate naming you a World Food Prize Borlaug Scholar.
- > Gain valuable feedback and experiences with world-renowned experts.
- > Qualify for additional World Food Prize Youth programs on the national and global level.
- > Top papers will be eligible for publication.

Four steps to start your fight against hunger.

1. Go to worldfoodprize.org/newjersey to choose a country and critical global food security factor.
2. Work with a teacher or mentor at your high school and write your paper.
3. **DEADLINE: Submit your research paper and register by February 5th 2019.**
4. Attend the full-day-event on March 1st, 2019.
